
Full Stack Development Program with Generative AI

Lab Guide

Get Certified. Get Ahead.

This section will guide you to:

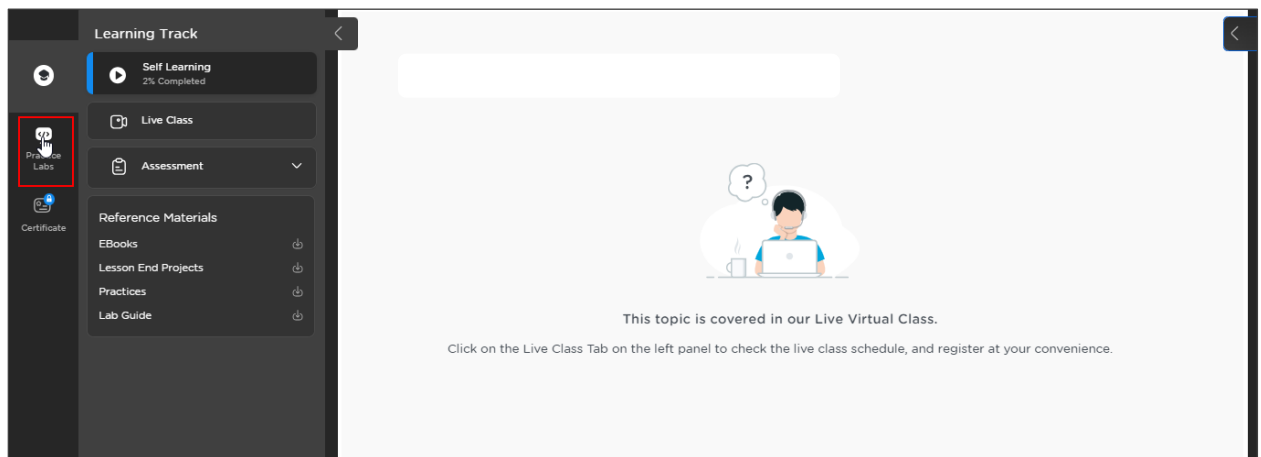

- Use labs to execute all demos included in this course

This lab has two subsections, namely:

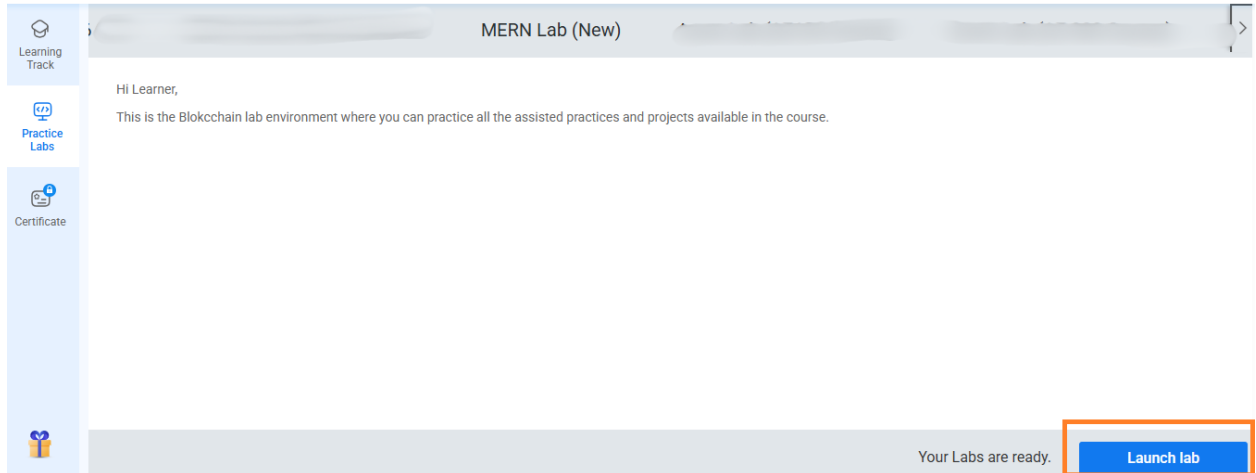

1. Starting practice labs on LMS
2. Using different IDEs and software required for the Full Stack Development Program with Generative AI

Step 1: Starting practice labs on LMS

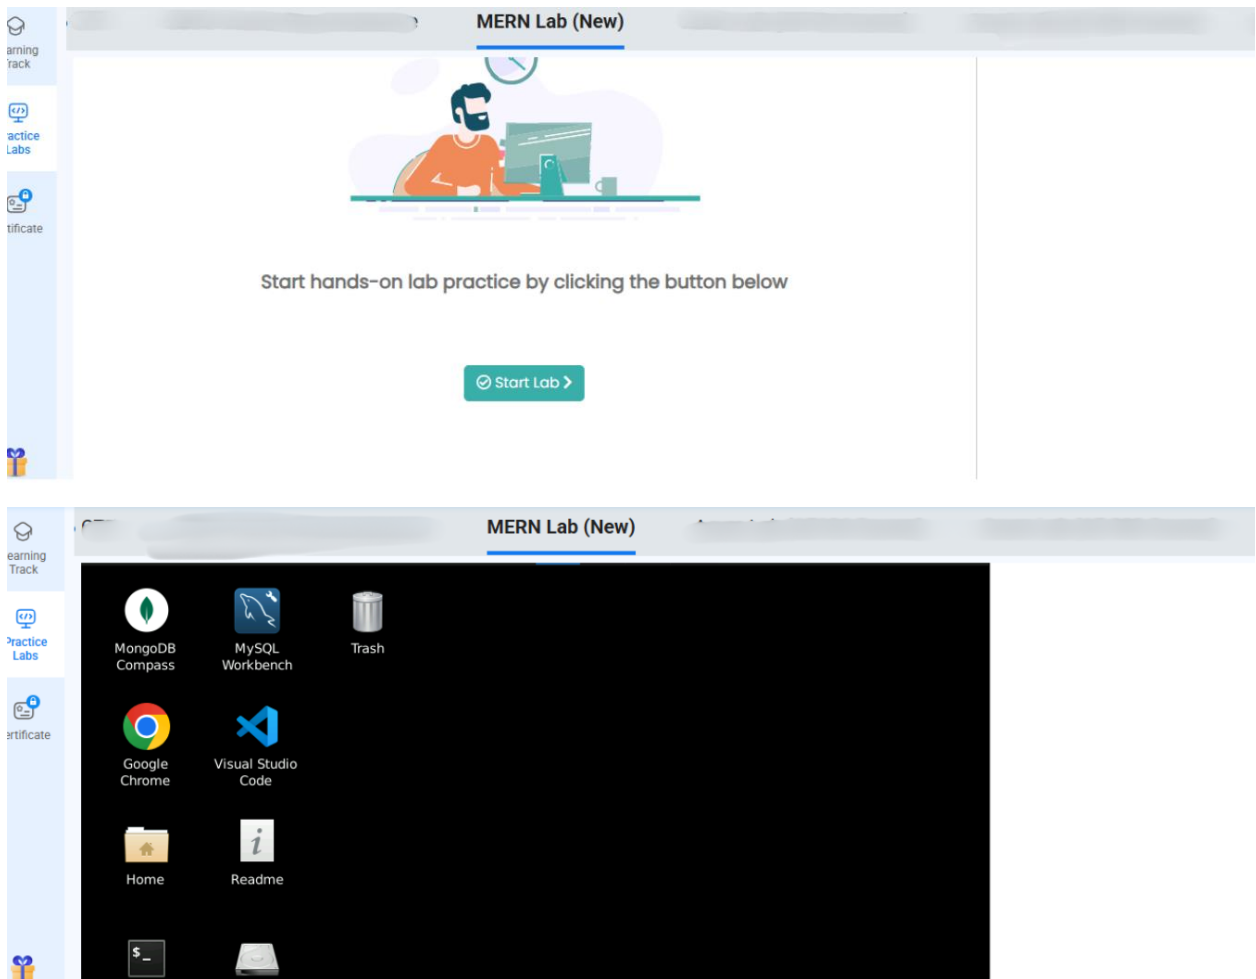

- Login to Simplilearn LMS
- Go to the respective course
- On the left, you will find the course ToC page
- To its left, you will find the **PRACTICE LABS** tab
- Click on it

- As a new window opens, read the instructions and click on **LAUNCH LAB**
- This will launch practice labs for this course

- Once the lab instance is started, click on the *Start lab* button as shown below:

- You will be able to access IDEs and software which are present in labs
